21st October, 2016

Dear Year 2 Parents,

As part of our Integrated Studies unit ‘Our Local Community’ we will be investigating the topic: Key People in Our Community.

We would like to invite any interested parent guest speakers to come along next Wednesday afternoon (26th October) from 2:10pm – 3:10 pm to discuss your occupation with our Year 2 students.

The presentation should include the following information:

- title of your occupation
- place of work
- equipment or tools that are used in your job
- whether your job provides a goods or services role in our community the importance of your occupation within our society.

As our students are visual learners any items that you use in your occupation, or uniforms worn would add great interest to your presentation.

If you are interested in coming along to speak to our Year 2’s about your occupation could you please email or contact your child’s teacher via the organiser by Monday, 24th October.

As we only have a small amount of allocated time we are limiting the number of guest speakers to two parents per class. (Please note the talk only needs to go for approximately 10 mins).

Yours sincerely,

Christine Adam, Annie Spence and Louise Ward
Year 2 Teachers
