

Term Four Year Two Show and Share Timetable

Our show and share program for term four will continue using the same format as last term. We encourage you to remind your child about the Show and Share topic for the week. We would anticipate that these topics would provide time for some lovely interaction at home as you support your child in planning for their turn. Our Integrated Studies topic for term four is “My Local Community” so we have incorporated this topic into our speaking and listening program. The students are not asked to write a speech down but simply bring along something different and special to share with their classmates.
